International Forum on Disability Management

IFDM 2018

IFDM 2018 – is the 9th International Biennial Congress focused on Disability Management and Return to Work. IFDMs have been held biennially since 2002, and this year it is coming to Vancouver, BC, October 14-17, 2018.

The IFDMs have brought together leaders as well as practitioners and stakeholder representatives in disability management and return to work from all over the world. They have provided the opportunity to bring forward emerging issues, creative solutions, and latest research. Over 1300 delegates from 42 countries attended IFDM 2016 in Kuala Lumpur.
